

ASSESSMENT FOR LEARNING
L White

Developing or Evaluating a Unit of Work Based on the Principles of Assessment for Learning			
Does the unit achieve the following?	Yes	No	Suggested Improvements
1. Promote shared understanding of the required learning outcomes.			
2. Help to develop the learners' capacity for self assessment.			
3. Involve learners in dialogue, decision-making and reflection.			
4. Provide information (in a form understandable to the students) on the assessment criteria for feedback.			
5. Provide differentiated assessment.			
6. Provide the opportunity for regular feedback to inform students how to improve.			
7. Provide the opportunity for peer assessment.
